ArtECult network is European public and non-profit network of upper secondary level vocational education institutes and work organizations in the fields of fine art and visual communications. ArtECult member institutes finance their international activities mainly by making yearly European Union mobility project applications for students and professionals. Partners represent organisations in the fields of graphic design, media, fine arts, photography, games and audiovisual communication techniques; film, computer animation, games, broadcasting and television technology.

Go to our website to see all contact information of ArtECult institutes and other partners.
